

## ALICE MILL IS IN A HOLE.

Sustained Losses to the Extent of One-Half of Capital Stock.

(Anderson Mail.)

Some weeks ago the Daily Mail learned, on apparently good authority, that the Alice Mills, at Easley, had sustained considerable loss, and phoned one of the largest stockholders of the mill in reference to the matter, but was told there was no truth in the story. It now seems there is a whole lot of truth in it, as a meeting of the stockholders of the mill has been called, and a resolution will be voted upon to reduce the capital stock of the mill one-half. The following is the resolution:

"Whereas, an audit of the books of the Alice Mills has been completed by the American Audit Company and a careful estimate of the value of the corporate assets has been made, and since which audit there have appeared large losses which were not shown on the books at that time; and

"Whereas, it appears to the directors that the Alice Mills has \$241,900 of common stock, and there has been an impairment caused by loss in operation, depreciation of stock, organization and preliminary expenses, etc., of approximately 50 per cent thereof, to wit, \$120,950.

"That the paid-in common stock of this corporation should be reduced from \$241,900 to \$120,950, as a minimum, and that the authorized capital stock should be reduced from \$500,000 to \$250,950 as a minimum.

"That the subscribed shares of the common stock should be reduced to the extent of 50 per cent of the par value thereof, and, to this end, that the outstanding certificates for common stock be called in and that new certificates for the reduced capital stock be apportioned among the common stockholders according to their respective holdings, and fractional interest, to which any stockholder may be entitled, to be shown upon said certificate.

"That should any stockholder fail to surrender his certificate for conversion, such certificate shall, after such reduction, represent only the amount of stock in the reduced capital to which the holder is entitled."

## Constipation Poisons You.

If you are constipated your entire system is poisoned by the waste matter kept in the body—serious results often follow. Use Dr. King's New Life Pills and you will soon get rid of constipation, headache and other troubles. 25c. at druggists or by mail. H. E. Bucklen & Co., Philadelphia and St. Louis. adv.

## REVENUE ONLY LITTLE SHORT.

Income for Year Will Be \$728,000, 000, Says Sec. McAdoo.

Washington, Dec. 5.—Secretary McAdoo estimates that the revenues for the fiscal year, exclusive of post office receipts, will be \$728,000,000, only \$8,000,000 less than the estimates for the fiscal year 1914.

To make that total he expects the customs to bring in \$249,000,000, ordinary internal revenue, \$315,000,000, and the income tax \$105,000,000, of which \$40,000,000 is to come from corporations, the remainder from individuals. From sales of public lands he expects to cover into the treasury \$3,000,000 and from miscellaneous sources \$56,000,000.

He expresses the belief that the ordinary receipts for 1915 will exceed the disbursements sufficiently to pay out about \$26,000,000 from the treasury's general fund for the Panama Canal.

## Woman Lived Wild Life.

(Anderson Mail, 3d.)

W. A. Clapp, court house janitor, has returned from Columbia, where he turned over to the asylum authorities Lucy Keys Chittwood, a young white woman, who had been leading a wild life for the past few months.

It was reported to Supervisor King that the woman was wandering about the woods in the Fork section, sleeping in the swamps, together with a young baby. Mr. King had her rounded up and sent to the State asylum and the baby placed in the home for the friendless.

Officer Clapp said the woman gave him considerable trouble on her way to Columbia, where it was necessary to pick her up bodily and carry her to the asylum after reaching the station. After being placed behind the iron bars the woman climbed the iron bars as easily as if she had been a squirrel.

## INDIGESTION, GAS OR SICK, SOUR STOMACH.

Time It—"Pape's Diapiesin" Makes Your Upset, Bloating Stomach Feel Fine in Five Minutes.

"Really does" put bad stomachs in order—"really does" overcome indigestion, dyspepsia, gas, heartburn and sourness in five minutes—that just that—makes Pape's Diapiesin the largest selling stomach regulator in the world. If what you eat ferments into stubborn lumps, you belch gas and eructate sour, undigested food and acid; head is dizzy and aches; breath foul; tongue coated; your insides filled with bile and indigestible waste, remember the moment "Pape's Diapiesin" comes in contact with the stomach all such distresses vanish. It's truly astonishing—almost marvelous, and the joy is its harmlessness.

A large 50-cent case of Pape's Diapiesin will give you a hundred dollars' worth of satisfaction or your druggist hands you your money back. It's worth its weight in gold to men and women who can't get their stomach regulated. It belongs in your home—should always be kept handy in case of a sick, sour, upset stomach during the day or at night. It's the quickest, surest and most harmless stomach doctor in the world. adv.

## DECIDE YOURSELF.

The Opportunity Is Here, Backed by Wallhalla Testimony.

Don't take our word for it. Don't depend on a stranger's statement.

Read Wallhalla endorsement. Read the statements of Wallhalla citizens.

Here is one case of it: J. R. Hughes, railroad engineer, Faculty Hill, Wallhalla, S. C., says: "For many years I worked on a locomotive and the constant jarring weakened my kidneys. I had soreness in the small of my back and through my shoulders. I felt miserable in every way. As soon as I began taking Doan's Kidney Pills, procured at Dr. Bell's drug store, I was relieved. It was not long before my health improved. I do not think there is another medicine like them. I have publicly recommended Doan's Kidney Pills before, and I am pleased to say I haven't had any kidney trouble since."

## NO FIRE INSURANCE LAW.

Insurance Commissioner Made Statement to This Effect.

(Columbia Record.)

Discussing a story sent out from Washington relative to action instituted in the Supreme Court seeking to have the Court declare unconstitutional certain State laws regulating fire insurance rates, Insurance Commissioner F. H. McMaster this morning stated that he would urge the General Assembly to take no action during the next session toward enacting legislation dealing with fire insurance rates.

"I will recommend that the bill intended to regulate the operation of fire insurance companies in this State, introduced at the last session of the Legislature, be withdrawn. This contemplated action is based upon the sense of a resolution adopted at the recent annual convention of the National Association of Insurance Commissioners.

"The bill introduced in the Legislature last year did not seek to provide fire insurance rates, but to prevent the fire insurance companies entering into combinations or agreements, and to have the State provide a classification of fire insurance risks. This latter provision would eliminate discrimination between the richer and poorer property owners by the fire insurance companies.

"Whether or not the States have the right to provide fire insurance rates is a question about which I am undecided. It is a question of many phases."

## Young Women: Number Surprising.

The number of young women who suffer with weak back, dizzy and nervous spells, dull headache and weariness is surprising. Kidney and bladder ills cause these troubles, but if Foley Kidney Pills are taken as directed relief follows promptly, and the ills disappear. Contain no habit-forming drugs. Bell's drug store. ad.

## "And Then Comes I."

(Everybody's Magazine.)

It was a cold day in December and the superintendent of a charitable institution was examining a number of poor children as to their claims for more comfortable clothing. Margaret was under examination. She was pinned up quite securely in a thin shawl.

"Have you any clothes at home?" she was asked kindly.

"No'm."

"What have you got on?"

"Please, this is me aun't shawl, an' me dress is next, an' then comes I."

## Coughs that Prevent Sleep.

These coughs are weakening, and if they "hang on" can run one down physically and lower the vital resistance to disease. Bob Ferguson, 319 Pine St., Green Bay, Wis., writes: "I was greatly troubled with a bad cough that kept me awake nights. Two small bottles of Foley's Honey and Tar Compound completely cured me." ## Nothing in Vain.

Each wave that breaks and disappears

Makes some new change upon the shore;

For every hopeful word the world

Has something that was not before.

The sun has never shone in vain,

Each fair wind blows good cheer somewhere;

For every happy smile the world

Whirls on its way with less of care.

## The Man Who Neglects Himself

when his condition points to kidney trouble takes an unwise risk. Backache, pain and soreness over the kidneys, nervous or dizzy spells, poor sleep, are all symptoms that will disappear with the regular use of Foley Kidney Pills. They put the kidneys and bladder in a clean, strong and healthy condition. Bell's drug store. adv.

## Professor to Sell "Red Hots."

A dispatch from Evanston, Ill., says:

Prof. A. E. Mulner has resigned from the faculty of Lake Forest College to sell sandwiches, peanuts and popcorn to students of the Northwestern University here. "It's not a joke," he said. "My salary was \$180 a month, and I had no recreation. My peanut wagon makes my living comfortably, gives me all out-doors for my workshop, and I will lay away \$200 every month. Pretty soon I'll have enough money saved to start a cafe."

## Cured of Liver Complaint.

"I was suffering with liver complaint," says Iva Smith, of Point Blank, Texas, "and decided to try a 25c. box of Chamberlain's Tablets, and am happy to say that I am completely cured and can recommend them to every one." For sale by all dealers. adv.

## BARNWELL MERCHANT IS SHOT.

E. Peyton Best Killed on Streets by Unknown Party.

Barnwell, Dec. 3.—E. P. Best, a prominent merchant of this city, was shot and almost instantly killed tonight as he was walking down Wall street. The tragedy occurred within a few feet of the court house at 9.15 o'clock. It is not known who did the shooting. The officers suspect that it was the work of negroes, and before midnight at least fifteen were rounded up on suspicion.

Mr. Best had been in a restaurant eating and had just walked out on the street. Two shots were fired, but only one of them took effect. The ball entered the back, passing through the body. The wounded man staggered on up the street and would have fallen, but was caught by Vince Dunbar and Arthur Harden, two young white men, who happened to be standing in the door of a pool room at the time of the shooting. These young men took Mr. Best in and laid him down. He gasped that he had been shot, and died.

The coroner was summoned, a jury empaneled, the body viewed and the inquest adjourned until to-morrow morning. In the meantime the remains were removed to the home of the deceased. Bloodhounds were secured, but up to tonight they were unable to pick up a trail.

Mr. Best was a married man, about 36 years of age. He leaves a wife and five children.

## Wholesale Lynching Threatened.

Columbia, Dec. 4.—Angered at the killing of E. Peyton Best, a prominent merchant of Barnwell, a mob of determined white men formed this morning bent on lynching some 40 negroes who had been arrested charged with the killing, according to a long distance telephone message from Senator Paterson, of Barnwell, to Governor Bleasdale. A mob, with set faces and heavily armed, were making ominous preparations, according to the report.

Governor Bleasdale ordered the military company at Barnwell under arms. To its captain, Umile Harley, he wired: "Assemble your company and do what is necessary to preserve peace."

## The Situation is tense.

## Rush Negroes to Pen.

Barnwell, Dec. 4.—Scott Madison, arrested this morning for the alleged murder of E. P. Best, and Mitchell Stroy and Gilbert Miller, held as accessories before and after the fact, are being taken by automobile to the State penitentiary at Columbia. Feeling against the negroes has been running high, but it was not necessary to call out the militia to prevent a lynching, as was erroneously reported earlier in the day.

There was a coroner's inquest held this morning over the body of Best, and it was brought out that Madison did the killing, with the two being accessories before and after the fact. According to the evidence, Mr. Best was leaving his store when a negro got in his way. As he pushed him out of the way a soda-water bottle was thrown at Mr. Best's head. He thought Madison did it and asked him about it. "No; that nigger going down the street threw at you," said Madison. Mr. Best started after the negro going down the street, and when he got a few feet from Madison the latter fired one shot, striking him in the back. The bullet penetrated the heart and Mr. Best died almost instantly. Only one shot was fired.

As soon as Best fell Madison and the other negroes scattered and it was not until daylight this morning that they were caught.

It is very probable that the grand jury will be summoned and a trial held immediately, as it is thought this is the only way a lynching can be prevented.

## Stomach Troubles Disappear.

Stomach, liver and kidney troubles, weak nerves, lame back and female ills disappear when Electric Bitters are used. Thousands of women would not be without a bottle in their home. Eliza Pool, of Depew, Okla., writes: "Electric Bitters raised me from a bed of sickness and suffering and has done me a world of good. I wish every suffering woman could use this excellent remedy and find out, as I did, just how good it is." As it has helped thousands of others, it surely will do the same for you. Every bottle guaranteed. 50c. and \$1. At all druggists. H. E. Bucklen & Co., Philadelphia or St. Louis. adv.

## Much Cotton Destroyed.

Woodruff, S. C., Dec. 3.—A fire of unknown origin, which started in one of the cotton warehouses of the Woodruff Cotton Mills yesterday morning, had, when gotten under control, caused a loss estimated between \$25,000 and \$35,000. Three hundred and eighty bales of cotton have been totally destroyed, while many more have been considerably damaged. The warehouse was saved and the blaze did not extend to any of the other buildings.

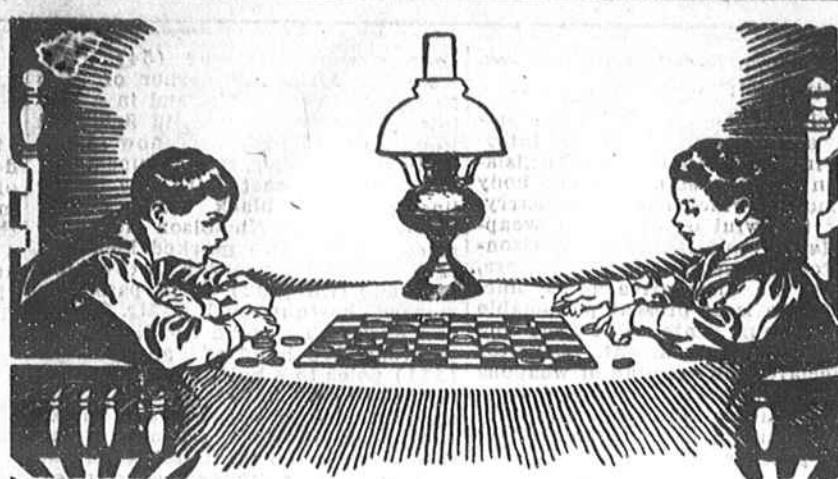

The fire broke out about 1 o'clock Monday morning and continued until the afternoon, although in the meantime five streams of water had been playing on it. The warehouse contained 1,400 bales of cotton. It is thought that the loss is fully covered by insurance.

Georgetown, Texas.—J. A. Kimbro says: "For several years past Foley's Honey and Tar Compound has been my household remedy for all coughs, colds and lung troubles. It has given permanent relief in a number of cases of obstinate coughs and colds." Contains no opiates. Refuse substitutes. Bell's drug store. adv.

## Governor Foss Sued for \$100,000.

Boston, Dec. 4.—A libel suit asking \$100,000 damages was filed yesterday by Jas. T. Moriarty, former president of the Central Labor Union, against Governor Eugene H. Foss.

The suit is the outcome of a statement given a Boston newspaper, saying Moriarty had been repudiated by the Central Labor Union.

## A BIG YIELD OF POTATOES.

Laurens Farmer Makes 1,547 Bushels on Ten Acres.

(Cor. News and Courier.)

W. P. Harris, one of the largest and most progressive farmers of Laurens county, who lives in Youngs township, reports the champion yield of Irish potatoes for this county. On ten acres he produced 1,547 bushels, the crop having been gathered last week. On one acre alone of the field 243 1/2 bushels were made. This was the second planting and followed a crop of oats, the yield of which ran from 25 to 50 bushels per acre. One hundred bushels of seed potatoes were used and the crop was planted the latter part of July.

Mr. Harris has a handsome profit in his potato crop, as he can dispose of the entire yield at a dollar a bushel. Counting the value of the oat crop produced at \$200, the total gross valuation of the two crops amounted to \$170 per acre. The same land would probably have made \$750 worth of cotton or \$500 or \$600 worth of corn. In either case the profits would have been considerably less, as any one conversant with farming will readily concede.

## Croup and Cough Remedy.

Croup is a terrible disease. It attacks children so suddenly they are very apt to choke unless given the proper remedy at once. There is nothing better in the world than Dr. King's New Discovery. Lewis Chamberlain, of Manchester, Ohio, writes about his children: "Sometimes in severe attacks we were afraid they would die, but since we proved what a certain remedy Dr. King's New Discovery is we have no fear. We rely on it for croup, coughs and colds." So can you. 50c. and \$1. A bottle should be in every home. At all druggists. H. E. Bucklen & Co., Philadelphia and St. Louis. adv.

## CHAS. BECKER HEARING ENDS.

Condemned Man May Know His Fate in Several Weeks.

Albany, N. Y., Dec. 3.—Arguments in the case of former Police Lieut. Charles Becker before the Court of Appeals to-day closed. A decision probably will not be handed down for several weeks.

Attorney Jos. A. Shay closed for the condemned man. The chief point he made was that much of the testimony admitted at the trial could be disproved if competent evidence were admitted. No mention was made of so-called new evidence alleged to have been found.

The contention of Attorney R. C. Taylor, who argued the case for the State, was that the trial was fairly conducted and there was no ground for reversal on this point.

Mrs. Becker was in the court room and took notes on the arguments.
